**Social Audit Report**

1. Introduction:  
The purpose of this Social Audit Report is to provide a comprehensive overview of the facility's social performance. The audit was conducted by an independent third party and covers the period from January 1, 2009, to December 31, 2009.

2. Scope:  
The audit covers the facility's social performance in the following areas: labor practices, human rights, health and safety, environmental impact, and community relations.

3. Methodology:  
The audit was conducted using a combination of interviews, document reviews, and site visits. The facility was given the opportunity to provide input and feedback throughout the audit process.

4. Findings:  
The audit identified several areas of concern, including: inadequate training for employees, insufficient safety measures, and limited community engagement. However, the facility also demonstrated strong performance in several areas, including: fair wages, safe working conditions, and positive community relations.

5. Recommendations:  
The audit recommends that the facility take the following actions to improve its social performance: provide comprehensive training for all employees, implement robust safety measures, and increase community engagement.

6. Conclusion:  
The facility's social performance is generally good, but there is a need for improvement in several key areas. The facility is committed to addressing the audit findings and implementing the recommended actions.
