VERSATILE

High-quality - exclusive use of high-quality imported PVA material, after special technology processing and manufacturing, soft texture, no flocculation, no ball

Absorbing water - Use capillary phenomena to quickly absorb water on the surface of an object without leaving any trace

Easy to use

Step 1:
Dry towel soaked in water for
1-2 minutes

Step 2:
Wring the towel and use it

Step 3:
After use, wring the towel and
hang it to dry to about 80%
dryness.

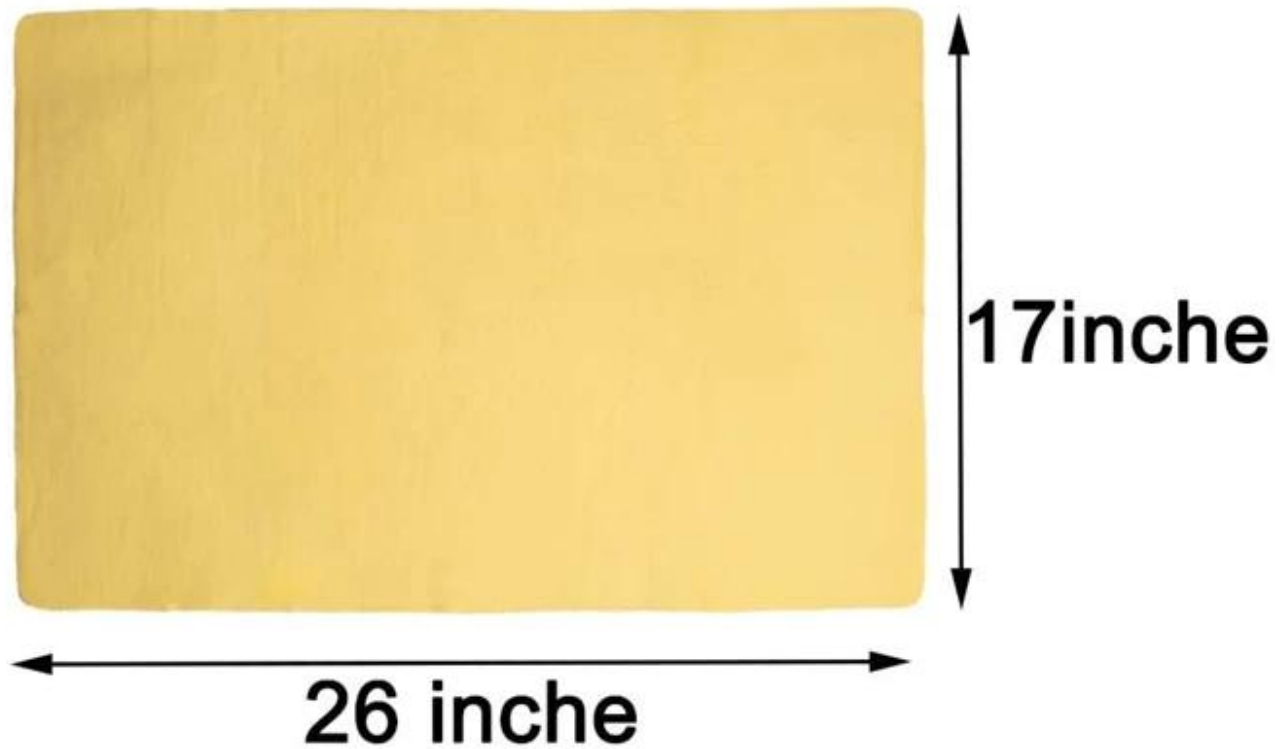

Step 4:
Can be folded into a suitable
size for storage

Note: do not forcibly pull the towel when it is dry and hard.

Be sure to soak it before opening it to avoid tearing and damaging the towel.

Rapid Decontamination - not only has a strong water absorption capacity, but also has a strong adsorption, so it can also be used for furniture and household appliances cleaning, kitchen and toilet cleaning, glass cleaning and so on.

Large size

Long service life of - This product is made of special material, with fine structure, anti-pull, toughness and durability.
