HIGH QUALITY: The weight of a towel is a great indicator of quality and performance. Towels with 600 GSM - like this Cotton Towel Set - offer a more luxurious, spa-like experience. This 600 GSM-density towel will soak up water fast for noticeable absorbency, and dry quickly.

SUPER SOFT: Made of 2 ply fine combed long staple yarn of cotton with thick piles making these towels the ultimate in luxury; softer and more durable than standard cotton. The high quality low twist cotton pile is luxuriously soft and super absorbent.

Made from 100-percent cotton, the six-piece towel set not only feels soft to the touch and smooth against skin, but it also stands up over time, offering tear-resistant strength and long-lasting durability.
