AMAZING ANTIBACTERIAL PROPERTIES!

- Cotton Towels are magnets for bacteria and mold. Our towels are made from the highest quality microfiber (not cotton), they dry quickly, and they have amazing antibacterial properties! So no more moldy towels stinking up your vacation!

BEAUTIFUL HAND DRAWN DESIGN ON BOTH SIDES

- The natural feel of the Hand Drawn images can't be matched by digital prints! Unlike cheap 2-sided prints, we feature the same beautiful artistic print on both sides! Show your style at the beach, boating, camping, at festivals, or at the pool!

IS QUALITY IMPORTANT TO YOU?

- This is a different material than other microfiber brands. A higher GSM means higher quality and more absorbency. Avawava towels are premium quality 300 GSM microfiber. Other microfiber brands will be 150-220 GSM. If you prefer high quality items, the choice is easy.
