Features:

Towel density is 500 grams per square meter (GSM). The weight of a towel is a great indicator of quality and performance. This GSM-density towel will soak up water fast for noticeable absorbency, and dry quickly for a fresh feeling with each use.

Woven with low twist cotton yarn which makes them lightweight which increases the comfort and absorbency of these towels. Softer and more durable than standard cotton.

These truly indulgent towels are available in a variety of beautiful colors to suit any home or hotel bathroom.
