Vibrant Designs: Inspired by our passion for beach life. We created so many geometric patterns that represent our love for ocean waves. We also use more contract and vibrant color to represent a cheerful lifestyle.

Sand Free: The microfiber technology allows for sand to slip of easily. So you leave the beach at the beach.

Ultra Absorbent: By absorbent we mean ultra-absorbent. Not only does it absorbs 3 times of its weight, it also absorb faster. Absorb a drop of water almost instantly on its surface.

Compact & Lightweight: Space is always premium whether you're travelling abroad to an exotic destination, or to the local beach. We want to make sure it can be rolled into a compact size to fit into your beach tote. It wouldn't take up too much room. Even smaller than a Naigene water bottle.
