

### **Great for tough surface cleaning jobs!**

This terry cleaning cloth is actually a small towel at 30cm X30cm. It feels and looks like a very soft terry-cloth with a longer nap to deep clean in places like keyboards, equipment air vent areas, office areas or around the home.

This cloth can be used dry or dampened with water or a safe screen solution. Microfiber cloths are environmentally friendly because you can wash and reuse them over and over. You also save money spent on disposable paper towels and cleaners.
